BACKGROUND

Greene Consulting Engineers (Pty) Ltd (Greene) was founded in 2009 with years of experience in the provision of consulting civil and structural engineering and project management services to provide tailor made engineering and project management solutions to both the private and public sectors.

We are committed to deliver cost effective solutions fit for purpose designs across individual and multiple project life cycles that include concept and feasibility studies, design, procurement and construction management processes. We are professional, transparent and ethical in our approach.

Greene is rendering services to clients in South Africa, India, Mozambique, Zimbabwe, Angola, Nigeria, Zambia, Ghana, Saudi Arabia, Somaliland, South Korea, Thailand, Japan, China, Australia and Botswana.

“Our company is small enough to be flexible, yet large enough to be reliable”
